Valentino, India's pioneer footwear business shoe brand, has introduced a specially designed range of Business shoes particularly meant for the health conscious populace. The many features they have introduced in their product include a double PU cushion which helps avoid foot fatigue. Their refined air system sole keeps the feet sweat-free the whole day. They also have a brand new technology introduced that ensures maximum flexibility and extra comfort for the toes. Valentino is available in ranges from Rs.1,699 to Rs.2,499.
